

Here now. Here always.

For over 120 years Welcare has been there for children and families in times of need and crisis.

We are a charity founded on Christian values that provides non-judgemental services to all. Today through our Family Support Programme we continue to provide practical and emotional support and advice services for:

- **Parents** Working to develop confidence, self-reliance and parenting skills tailored to their needs
- **Children** Helping them to cope with difficult transitions at turning points in their lives
- **Families** Working preventively with a wide variety of families to avoid potential crisis and doing everything we can to keep families together

To us, every child and family is unique and individual. We believe in preventative and long-lasting change, encouraging families to take the steps they need to progress and rebuild their lives for good.
